Recommends for sanction the proposal of the Deputy Comm., Tumkur Dt. regarding suspension of half wet assessment in the case of lands classed as wet & irrigable under tanks in which the crops have failed totally etc in the highly affected parts of Davangere, Sira, Gubbi, Tumkur & a portion of Kunigal, Taluks.

Sb-Govt have directed the remission of half the wet assessment during the year 1923-24 under certain conditions in the Maddagiri Taluk & Kunigal Sub-Taluk. 57 under this letter under the R.C. is competent to sanction suspension in respect of the lands under any tank in the Dt. But the R.C. state that "in view of the large tract involved and the fact that the people did not apply within the time prescribed for the concession" orders of G.O.M. are sought.

58 The proposal of the D.C. Tanjore Dt. is similar to the one recd. from the D.C. Kolar Dt. (Mag R). In connection with the resoln to be moved at the ensuing R.A. Session regarding the remission of one-half of the wet assessment in the Kolar Dt. the Dewan was pleased to observe that a genl resoln like this has to be opposed. It is stated that the present proposal may be considered along with the resoln.

As regards the proposal itself, it is stated that the D.C. It was in view of this that no special orders were passed by Govt in respect of them the real trouble now seems to be that the inspections of the lands have not been as thorough as required by the Go of 1922. Having regard to the conditions of this year, the R.C. may perhaps be informed that he may sanction suspension in the areas referred to if there has been a total failure of crop, or the outturn has been less than 4 annas

73 The suspension of half the dry assessment till July 1925 & of half the assessment on Bagayat & wet lands solely irrigated by wells & Talaparigas in the Taluks of Pavagada & Kunigal & remission in the Taluk of Maddagiri are recommended by the D.C. & this is supported also by the R.C. To what extent the financial position will be dislocated should this proposal be sanctioned has not been estimated.

Considering the fact relating to the difficulty in the collection of revenue and of the comparison of rainfall in the previous years 1908-09 & 1918, the recommendation is for orders.

of the facts that are clear-

2). It maybe that Gubbi has less varnfaa during the year 1923-24 than Maddagiri or Korfagere. But the question depends Equally on how the Value compared with Maddagiri during ~~the previous~~ ~~or~~ the or three years previously. This is the first time that the Dy Com is saying that Gubbi is as much affected as Maddagiri

3). It is not clear why Even half the Kandayam, which should be recovered in any Case, has been allowed uncollected till now.

4) The D.C. may perhaps be asked to give the information asked in 1) & 2) above & Explain why Even half the dues ~~have~~ have not been Collected.

It is a point for consideration whether any formal order of suspension should be issued now. The D.C. may be informed that if the ryots concerned pay ½ the assessment at once, time may be given to them to pay the balance till the next harvest - say till end of November - & Papers will be kept pending. Thereafter will be called for & the Govt will take the necessary action.

SUBJECT.

Copy of letter No. C.C.76 of 23-24 dated the 5th/6th February 1924 from the Deputy Commissioner, Bangalore District, to the Revenue Commissioner, in Mysore, Bangalore.

With reference to your No. C.147 of the 16th December 1923 calling for a statement of remissions and suspensions of land revenue to be granted for the year 1923-24, I have the honour to submit herewith a copy of the proceedings of a meeting of the revenue officers held on the 28th ultimo. It will be seen therefrom that no remission is recommended but a suspension of revenue to the extent of Rs.8035 is proposed for suspension.

2. At the first meeting held on the 30th November 1923 when the crops on the fields were not ready for harvest and when a close inspection of the several localities had not been made it was thought that applications for half the wet assessment would be received almost all over the district. But since then a thorough inspection having been made and all the application having been considered, it is the considered opinion that has been submitted for sanction.

CONFIDENTIAL

Office of the Deputy Commissioner

Dated, Bangalore 5th February 1924.

Notes recorded at a meeting of the Revenue Sub Division Officers and Amildars under the Presidency of the Deputy Commissioner, convened in the Bangalore District office on the 28th January 1924.

The question of suspensions and remissions of land revenue for the current year was fully discussed. It was pointed out that no part of the district could claim any remissions or suspensions under the terms of the Government order of the 9th February 1922 as the crops-both dry and wet were good during 1922-23; and that it was only as a special case, suspensions of wet assessment could be recommended in tracts where both dry and wet crops have been a failure during the current year.

Following the above principle it was resolved at the meeting

(1) that no concession is necessary in the Bangalore taluk though 12 petitions have been received.
(2) that the recommendations of the Sub Division Officer of Closepet and the Amildars of Kankanhalli, Chennapatna and Magadi taluks and the Deputy Amildar of Closepet to the effect that no suspension was necessary in any tract in the Closepet Sub Division be approved.
(3) that a sum of Rs.1553-2-0 in the Devanahalli taluk being the wet assessment under the tanks noted in the enclosed list be recommended to be suspended.
(4) that a sum of Rs.826 in the Anekal taluk being the assessment as shewn in the enclosed ~~kkst~~ statement be recommended to be suspended.
(5) that a sum of Rs.4780 under wet assessment in the Hoskote taluk for which applications have been received be recommended for suspension.
(6) that in the Nelamangala taluk suspension of wet assessment to the extent of Rs.243 in the villages of Mahadevapur Bhusandra, Yentaganahalli and Mantankurchi be recommended.

and

(7) that in the Dodballapur taluk suspension of wet assessment to the extent of Rs.633 (about) under Hosahalli, Gundamgere Hoskote, Ujjini Doddaghattamadu and Kilharanahalli tanks be recommended.

The net results of the above decisions are that no remissions of land revenue can be granted and that suspensions of wet assessment to the extent of Rs.8035 as detailed below be recommended for sanction

SIR,

P

In continuation of my letter No.Ref.H.C.107/23-24 dated the 20th ultimo, re: the submission of statements in respect of suspensions and remissions of Land Revenue during the current year, I have the honour to state that in the statements received from the Srinivasapur and Malur Taluks, the bagayat assessment was also included with wet assessment. The statement received from the Kolar was incorrectly prepared proposing therein suspension of more than half the wet assessment in the case of almost all the individual ~~taluks~~ banks. Besides, there were many other irregularities noticed. Hence the statements have been returned to the Amildars concerned for immediate resubmission duly rectifying the mistakes observed.

The Amildars of Bowringpet and Goribidnur have not yet submitted the statements in spite of telegrams issued to them, but have promised their immediate submission.

In these circumstances, I regret to state that the consolidated statement could not be submitted in this week as promised in my letter referred to above. Stringent orders have again been issued to the Amildars concerned today.

of Revenue for the year 1923-1924.

The Amildars of Kunigal and Chickanaiknahalli Taluks however, report that there is no necessity to show the concession in their Taluks as dry crops were fairly good during the current year and that both the dry and wet crops during the last year were also good.

5. The Amildars of Maddagiri, Sira and Gubbi Taluks have not yet submitted the final estimates. The probable amount of remissions and suspensions they recommend is appended in the margin*. These Amildars have not submitted the statements in the prescribed form nor have they sent the individual petitions received praying for the grant of the concession.

Gubbi	3000/-	20,000/-

6. The other Amildars and Deputy Amildars have not submitted their reports in the matter. stringent reminders have again been issued to the Deputy Amildar of Korategere and Turuvekere and a 2nd telegraphic reminder has been issued to the Amildar of Pavagada to submit the statements by return of post.

7. Though personal inspection as required by the rules, does not appear to have been strictly adhered to, yet looking at the peculiarly deficient rainfall through out the year in this District, no tank is known to have received any adequate supply of water. In these circumstances I am of opinion that the suspension and remission of assessment as proposed by the Amildars of Tumkur, Maddagiri, Sira, Gubbi and Tiptur may kindly be sanctioned.

Official Memorandum.

No. 932-40/D dated 8-4-24

In connection with the distress prevailing in certain parts of the State, Government in their order of the 16th January 1924, relaxed to a certain extent the general rules regarding remissions and suspensions of revenue laid down in Government Order No. R. 3748-58/L.R. 502-17-10 dated 4th February 1922, in the case of Maddagiri, Koratagere, Goribidnur & Gudibanda Taluks for the year 1923-24. The Deputy Commissioners were requested to submit estimates of remissions and suspensions strictly in accordance with the order of 4th February 1922, based on personal inspections and enquiries. Government regret to observe from the statements so far received that, that recommendations have been made to Government without regard to the procedure prescribed in the standing orders on the subject. In certain districts the lands in respect of which remission is claimed have not been inspected and the recommendation is based on the ground that the seasonal conditions have been unfavourable. Such recommendations cannot be considered at all. Government desire once again to impress upon the Deputy Commissioners that the grant of the concessions relating to suspensions and remissions must be strictly

confined to those lands which after the prescribed inspection are found to deserve them. The time for presentation of applications being only up to the end of December 1933, it should have been possible by this time for local officers to complete their inspections and to make definite recommendations to Government. Government desire that the applications in this respect should not be treated as routine but should be urgently attended to, in strict conformity with the several orders on the subject, and that the recommendations in every case should be based upon the personal inspection of the locality by the Sub Division Officer. A final report regarding the exact amounts brought under remission and suspension should be made to Government by the Revenue Commissioner before the end of April 1934.

SIR,

Referring to correspondence ending with your memo No.334/D. dated 25th March 1924 re the submission of revised estimates of remissions and suspensions of Land Revenue for 1923-24 in the affected Districts, I have the honour to forward herewith copies of letter No.O.C.1340/22-23 and its enclosure from the Deputy Commissioner, Tumkur District, recommending sanction to the remissions and suspensions of Revenue aggregating to a sum of Rs.16,758/- and Rs.47,930-0-11 respectively in the Taluks of Tumkur, Maddagiri, Sira Gubbi and Tiptur.

Statements from Pavagada Taluk and Moratagere and Turuvekere Sub Taluks are reported to have not yet been received.

I request that the Deputy Commissioner's recommendation may be sanctioned.

Letter No.1840/22-23 dated 31st March 1924 from the Deputy Commissioner,Tumkur District to the Revenue Commissioner in Mysore.

With reference to your docket No.D.28/23-24 dated the 15th March 1924 regarding the submission of the final estimates of remissions and suspensions of revenue, I have the honour to state that inspite of stringent and urgent orders and telegraphic reminders some Amildars have not yet furnished the information required and some others have sent the same very late and even that in an incomplete form as explained below:==

2. The Amildar of Tumkur has submitted a statement together with the petitions received praying for remissions etc, and recommends that the payment of half the wet assessment amounting to Rs.15,530-7-11 may be suspended till the next collection season for land holders owing lands below certain tanks in the Taluk. There is nothing to show from the report and statement received whether the Amildar or the Sub Division Officer has inspected the spot personally before recommending the suspension. The Sub Division Officer has merely forwarded the Amildars report without furnishing his own opinion in the matter.

3. The Amildar of Tiptur has submitted a statement of Rs.4497-9-0 being the half wet assessment due by certain ryots holding lands below certain tanks in that Taluk. He has not submitted the petitions received from the several ryots nor has he reported if he has inspected the lands whose suspension of kandayam he has recommended. The Sub Division Officer,Gubbi has stated that he was not able to inspect any of the lands under the tanks as he has engaged in the Jamabandi of the Kunigal,Chickanaikanhalli and Gubbi Taluks. The Amildars of Kunigal and Chickanaikanhalli Taluks however, report that there is no necessity to show the concession in their Taluks as dry crops were fairly good during the current year and that both the dry and wet crops during the last year were also good.

4. The Amildars of Maddagiri Sira and Gubbi Taluks have not yet submitted the final estimates. The probable amount of remissions and suspensions they recommend is appended in the

margin. These Amildars have not submitted the statements in the

5. The other Amildars and Deputy Amildars have not submitted their reports in the matter. Stringent reminders have again been issued to the Deputy Amildar of Koratagere and Turuvekere and a 2nd reminder has been issued to the amildar of Pavagada to submit the telegraphic statements by return of post.

6. Though personal inspection as required by the rules does not appear to have been strictly adhered to yet looking at the peculiarly deficient rainfall through out the year in this District, no tank is known to have received any adequate supply of water. SIR,

(940)

Referring to correspondence ending with your letter No.964 dated 9th April 1924 regarding remission and suspensions of Revenue in Tumkur District during the year 1923-24, I have the honour to forward herewith copy of letter No.Ref.H.C.107/23-24 dated 10th May 1924 from the Deputy Commissioner, Kolar District, recommending suspension of wet assessment in all the Taluks with the exception of Goribidnur Taluk and Gudibanda Sub Taluk (in respect of which Government have sanctioned remission of half wet assessment in their order No.256-50/Dis dated 16th January 1924) and Sidlaghatta, Mulbagal and the Kasaba Nandi and Purnasagara Hoblies of Chickballapur Taluk.

It is stated that the amount proposed for suspension and remission does not exceed half the wet assessment on such wet lands as were either lying banzar or yielded not more than two annas crop in respect of remission in Goribidnur and Gudibanda Sub Taluks.

In the circumstances, I request that Government may be pleased to sanction the suspension and remission recommended by the Deputy Commissioner.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

Bangalore, 29th May 1924.

Immediate and Confidential

No. D.28 of 23-24.

From

K. Chandy, Esquire, B.A.,

Revenue Commissioner in Mysore.

To

K.V. Anantaraman, Esquire, B.A.,
Secretary to the Government of
H. H. the Maharaja of Mysore,
Revenue Department, Bangalore.

SIR,

In continuation of my letter No. D.28 of 23-24 dated 22nd May 1924 regarding remission of assessment in the Kolar District, I have the honour to state that the Deputy Commissioner of Tumkur District has, in his D.O. letter No.219/23-24 dated 23rd May 1924, reported that after studying the conditions in the several affected parts of the District that the recent showers in the District have not improved the situation, that the collection work is very poor in almost all the Taluks and much below expectations, that -- there is a cry everywhere for remission of wet and dry assessment, that in many cases the people are so helpless that they are not in a position to pay their assessment and that it will be hard upon them to enforce coercive measures. Thousands of notices are stated to have been issued in Pavagada Taluk, and dates of sales have been fixed in about 500 cases. The Deputy Commissioner states that people do really seem to have suffered on account of the total failure of dry and wet crops this year except under wells and that in Pavagada Taluk, where there are wet lands irrigated by "Kalapariges" dependent upon tanks for supply of water, no water was available in the former as the latter had completely dried up:

and

and therefore recommends the suspension of half wet assessment in the case of the lands classed as wet and irrigable under tanks on which the crops have totally failed or the outturn is not more than 2 annas in the rupee in the highly affected parts of Pavagada, Sira, Gubbi and Tumkur Taluks and a portion of Nunigal Taluk also.

As regards the dry assessment, the Deputy Commissioner states that the ryots are in very straitened circumstances to pay even half the wet assessment, that many of them have gone in quest of work and that loud complaints are being received from those in the villages living on cooly that they are being harassed by village Officials for Kandayam. The general conditions and the rainfall in the year "Nilaka" 1907-08 were, it is reported, not so bad as it is now: and the condition of the people in the affected Taluks of the District now is as precarious, if not worse, as in the year 1907-08. The Deputy Commissioner states that he came across cases, in which people have been actually living on burnt tamarind seeds, and that it shows unmistakably that the ryots have exhausted all their resources and have passed the stage of further endurance: and promises to submit separate proposals on the subject. He is of opinion that unless some further concessions are shown to the ryots of the affected parts in the matter of paying their dues, there can be no improvement in the collection work this year and that coercive processes will be of little value as it is feared there will be practically no one to offer bids.

I beg to state that it is plain from the above that the condition in the Tumkur District is at least as bad as that in the Kolar District and that whatever concession is allowed to the latter will have to be extended to the former also.

I beg therefore to recommend the Deputy Commissioner's proposals regarding suspension of half the assessment in the case of lands classed as wet and irrigable under tanks in which the crops have totally failed or the out-turn is not more than 2 annas in the rupee

in

in the highly affected parts of Pavagada, Sira, Gubbi and Tumkur and a portion of Kunigal. This proposal is strictly according to the rules and in view of the large tract involved and the fact that the people did not apply within the prescribed time for the concession, I have submitted this for the orders of Government; but as I have remarked already, if Government are sanctioning remissions in the case of the Kolar District, it will be hard if the same concession is denied to the Tumkur District. About the concessions re. recovery of dry assessment, the Deputy Commissioner states he is submitting separate proposals which will be duly forwarded to Government with my remarks.

In this connection I beg also to request the early sanction of additional funds for loans.

I have the honour to be,

Sir,

Your most obedient servant,

Revenue Commissioner.

4. Letter No. D.28 of 1923-24 dated 29-5-24 from the Rev. Commr. in Mysore, stating that the conditions in the Tumkur District are as bad as in the Kolar District and recommending that half the wet assessment may also be suspend in the case of lands in the highly affected parts of Pavagada, Sira, Gubbi, Tumkur Taluks and a portion of Kunigal Taluk on which the crop have totally failed or the outturn is not more than two annas.

Order No. 1153-62/D 21-23 dated 6th June 24.

The G.O. of 1922 authorises the Rev. Comr to sanction suspensions of half the wet assessment in respect of lands under a tank on which owing to a general failure of rains, no crop is grown or the yield is not more than four annas. The relief required for the cases now brought to the notice of Govt. can be given by the Rev. Commr. under this order. The Rev. Commr. reports that the ryots have not applied for the concessions within the prescribed time and that the inspections of the affected areas have not been conducted strictly according to standing orders. Having regard to the general failure of rains in the Districts of Kolar and Tumkur, Govt. are pleased to authorise the Rev. Commr. to sanction suspensions of half the wet assessment in areas where there has been a total failure of crops or the outturn has been less than 4 annas, if he is satisfied that the inspections on which recommendations for suspension are based are satisfactory although not strictly in conformity with the order of 1922.

SIR,

In continuation of my letter No. D.28 of 23-24 dated 29th May 1924 re. remission of assessment in Tumkur District, I have the honour to forward herewith copies of letter No. O.C.1840 of 22-23 dated 29th May 1924 and its enclosure from the Deputy Commissioner, Tumkur District, forwarding a statement showing the final estimates of remissions and suspensions of revenue for the year 1923-24.

In the circumstances set forth in the letter under reference, I request that Government may be pleased to sanction the remission and suspension of Revenue recommended by him and also to the suspension of revenue on dry and bagayet lands in the most affected taluks referred to by him.

I have the honour to be,

Sir,

Your most obedient servant,

Revenue Commissioner.

VRR/-

Copy of letter No. D.C.1840 of 22-23 dated the 29th May 1924 from the Deputy Commissioner, Tumkur District, to the Revenue Commissioner in Mysore, Bangalore.

Adverting to your No. D.28/23-24 dated 15th March 1924, I have the honour to forward herewith, for favour of sanction, a statement shewing the final estimates of remissions and suspensions of Revenue for the year 1923-24 based on figures furnished by the Amildars in accordance with instructions contained in Government Order No.256-60/Dis. dated the 16th January 1924.

2. The statement includes a sum of Rs.2,397-6-0 being the half wet assessment on lands below the Kadaba Amanikere, in the Gubbi Taluk recommended for remission as the crops under this tank have failed this year also owing to insufficient supply of water to the tank and also in view of the fact that this amount had been ordered to be suspended last year as per your official memorandum No. C.3930 of 22-23 dated 23/25th July 1923.

3. The Amildars of Chiknaikanhalli and Kunigal and the Deputy Amildar of Turuvekere Sub Taluk report that there is no necessity for the concession being shewn in those taluks, as dry and wet crops did not fail last year and the ryots were not so impoverished as to be unable to pay the current year's assessment.

4. I may be permitted to add in this connection that this concession is also necessary in the case of dry lands and also for lands classed as Nagayet under tanks and Talapariges in the affected taluks of the District. I have already sybmitted a report (vide my D.O. No.219/23-24 dated 23/25th May 1924) explaining the need for the postponement of the recovery of land revenue in respect of all wet lands under tanks on which the crops have totally failed or the outturn is not more than two annas in the rupee in the highly affected parts of Pavagada, Sira, Gubbi and Tumkur and a portion of Kunigal Taluk also irrespective of the fact that the ryots did not apply for this concession in time.

5. Since the writing of the above communication, I am further convinced

convinced of the real necessity of extending this concession to dry lands as well as to lands classified as Bagatet in the Taluks of Gubbi, Maddagiri and Pavagada. In may cases, in the latter two taluks the Nalas or Talapariges take their origin in Tank beds and become out of action as soon as the tanks dry up. Even in the case of Nalas depending upon springs the continued drought has equally affected them. There are some lands called Bagayets which are practically wet lands under tanks, the assessment being a little heavier than in the case of ordinary wet lands. There are again another class of Bagayet lands containing Dhruva Piru' on permanent trees like cocoanut, areca etc., and the main source of supply of water to these lands is Kapile wells. Even these wells having dridd up during the current year, the crops have failed there also. In many gardens in the Maddagiri Taluk, the trees have withered away and the same in most cases have been cut and removed. All these lands have, therefore, to be viewed in the same light as wet lands under tanks.

6. I am aware that Government have in their Order No. 256-60/ Dis. dated the 16th January 1924, declined to sanction the suspension of half the assessment in the case of the dry lands and also of the fact that the concession already shewn in the case of wet lands under tanks cannot apply to Bagayet or other lands solely irrigated by Nalas or Talapariges and wells. But if we look into the rainfall statement of 1908, 09, 1918 and 1923, it will be observed that the rainfall in 1908 was about one half of that in 1909 which was a fairly good year. The Government were pleased to consider this as a condition justifying some concession in respect of dry assessment contrary to their general policy. The rainfall in 1923 is even less than that of 1908 in almost all the parts of the affected taluks., especially in Maddagiri, Pavagada, Sira and Koratagere. I am enclosing a statement of rainfall -- gauged in the several statement stations of the above Taluks for the years 1908, 1909, 1918 and 1923, a perusal of which will shew that the conditions in these parts are quite as bad now as in 1908 if not worse.

7. The total failure of dry crops this year as well as in the previous years in several places in the District has impoverished the ryot population and this has been the chief obstacle in the way of recovering kandayam. It is reported that in many villages the ryots have gone away in search of labour on tank and other works and are not able to pay even a portion of the dry assessment, not withstanding the coercive processes that are being adopted against them. The collection season is drawing to a close and yet half the assessment has not yet been collected in several talu s in spite of stringent orders and strenuous efforts. Even by adopting the various coercive processes it may not be possible to recover the full assessment till the end of October or November next. What is now proposed is only a suspension of half the assessment on the dry lands till the next Khistbund, i.e., till February 1925; and with a prosperous year there is every chance of recovering the entire dues next year.

8. Taking all the above circumstances into consideration, I have ventured to request you to be so good as to address Government to kindly view the above proposals favourably and show in this year also the same concession as was shewn in 1908 in respect of dry assessment and also order the suspension of half the assessment of Baigayet and wet lands solely irrigated by wells and Talapariges in the Taluks of Pavagada and Kortagere and remission in the Taluk of Maddagiri, where the condition is worse.

Maddagiri 5/6/27
for Revenue Commissioner

To

The Hon'ble the Dewan,

To the Government of His Highness the Maharaja of Mysore,

BANGALORE.

Most Respected Sir,

We, the undersigned ryots of all the villages of Medegase Hobli, Maddageri Taluk, Tumkur District, beg to bring the following few lines to your kind consideration and favourable ~~early~~ orders at an early date.

In these parts for the last 20 years there is not sufficient rains and due to this the tanks are almost empty. The wells are also dry and thus it is very difficult even to get good drinking water. We can only grow a small portion of corn in these wet lands and thus we are able, only to maintain ourselves and the big family and pay regularly with much difficulty, the revenue land tax, to the Government, eachyear in time.

The other dry crops could not thrive well due to lack of rain and thus we were forced to take loans on the lands and thus pay kandayam to the Government in time.

It is a quite well-known fact even to your Honour that there is famine (with scarcity of water and fodder for the cattle.)in our parts due to lack of rain, especially for the last 2 years.

The Government due to all these troubles sanctioned for various works (famine relief works) by which people could earn by working there and thus get their living. Many of our villagers due to the difficulties of getting even cooly went out to Coffee estates in Kadur District, and to places like Marekanave etc.,

etc.

When such is the case with us, the poor ryots, the Revenue authorities have served us notice to the effect that we have not paid the kandayam. Now, some of the lands have already been auctioned by the Governement and are in their possession only. As we had some showers a few days back, (about 15 days ago) we tried to plough the fields, when, we were checked and thus are kept away from these fields. This is the time when we could grow some corn and thus continue our miserable lives and also pay the kandayam. If we are troubled and checked just at this moment how could Government expect to collect kandayam and the poor ryots live in peace!

Due to these hard days of famine the kandayams are lessened in the neighbourhood, (viz., Madakasera Taluk) and in 2 or 3 places the helpless persons are given food(as a charity by the Government there.) During the last famine of 1905-06 in our Province, the land tax was reduced to ½ its original, and the remaining half was received after the harvest.

Just at present the famine is very hard without fodder for the cattle, and without water to drink. As we are in this state of affairs we, most respectfully beg to request your Honour, to kindly consider our hard case, and order for our betterment by sanctioning for the remission to ½ the land revenue tax and permitting us to pay the tax during the coming harvest. We further beg to request you to kindly give our lands back, that have been auctioned(which are under the Government controll) and permit us to work on our fields and order the Taluk authorities not to take any more steps on our fields.

For which act of kindness and benevolence We, in duty bound, shall pray for your Honour's long life and prosperity.

Hoping to be favoured with a kind and favourable early orders and thanking you in anticipation and with these our

our humble requests,

We beg to remain,

Most Respected S i r,

Your Most Obedient and Humble Servants,

Bangalore City.

5th June 1924.

(The Ryots of Thammam Village.)

P.S. Please give us an endorsement to the orders passed on this application.

To

The Hon'ble the Dewan,

To the Government of His Highness the

Maharaja of Mysore, B A N G A L O R E.

Most Respected Sir,

We, the ryots of the Raddihalli Village, Medigase hobli, Maddagiri Taluk, Tumkur District, beg to bring the following few lines to your kind consideration and favourable early orders.

For the last 20 years, the tank in our village was getting shallower and shallower every year by the deposit of mud brought by the rain water. So the water collected is not sufficient for irrigational purposes at present. We have to barrow money to pay the kandayam to the Government every year, now, as we are getting poorer and poorer day by day, due to the lack of sufficient rains.

The Engineering Departmental authorities had estimated for the raising up the capacity of the tank by raising the bund and the Kodi. We had also given a muchalika to the Revenue authorities agreeing to pay part of the expenses (Contribution amount) that would be required for the repairing of our tank.

No repairs have been done or any order to the effect is passed till to day, though we had sent many applications to the Revenue Commissioner and The Chief Engineer

So we have approached your honour, most respectfully, with this our memorial with a request to see that the tank is repaired at an early date. If It is not possible to repair the tank just at present please at least lessen the (land revenue tax) kandayam of our wet lands by converting them into dry lands.

For which actof kindness we shall, in duty bound, pray

pray for your Honour's long life and prosperity.

Hoping to be favoured with a kind and favourable reply at an early date and thanking you in anticipation,

We beg to remain

Most Respected Sir,

Bangalore City.
5th June 1924.

Your Most Obedient and Humble Servants.

5. Petitions dated 5th June 1924 addressed to the Dewan ffom the ryots of Midegesi Hobli, Maddagiri Taluk, praying for the remission of half the assessment on their lands and also for the postponement of the collection of the current year's assessment till February next year.

Order No. 1169-1174 Dis

Dated, ~~Bangalore~~, Camp Goribidanur 10 June 1924.

In G.O. dated 16th January 1924, Government have sanctioned the remission of half wet assessment on lands irrigated by tanks in the Maddagiri and ~~Hagalagere~~ Goribidanur Taluks and Koratagere and Gudibanda Sub Taluks ~~during the year 1923-24~~ this year on which there was no crop or the yield was less than two annas. Government have recently authorised the Revenue Commissioner to grant the concessions provided in the Government Order of 4th February 1922, although the conditions regarding inspection etc., have not been strictly complied with.

The Revenue Commissioner considers that some further concessions in regard to the suspension and remission of land revenue during the year 1923-24 are necessary in the affected parts of Tumkur and Kolar Districts and has accordingly

made the following recommendations:-

(1) that half garden assessment and half wet assessment on lands irrigated by wells and talapariges in Maddagiri Taluk may be remitted.

(2) that half garden assessment and half wet assessment on lands irrigated by wells and talapariges in Taluks of Pavagada and Koratagere may be suspended.

(3) that half dry assessment may be suspended in Maddagiri, Koratagere and Pavagada Taluks.

After a careful consideration of the matter, Government are pleased to sanction the following further measures of relief:-

The collection of half garden assessment under tanks, wells, and talapariges and half wet assessment under wells and talapariges in the taluks of Maddagiri, Pavagada and Goribidnur and the Sub Taluks of Koratagere and Gudibanda, due for 1923-24, may be suspended for one year in all cases in which the Deputy Commissioner after careful enquiry is satisfied that there has been a total failure of the crop, or the ~~yeild~~ yield is less than four annas.

The Revenue Commissioner is requested to report to Government, the amount of assessment that may have to be

remitted

remitted and suspended during the current year in the affected tracts as a result of the several orders issued on the subject uptodate.

Dear Sir,

I am desired to forward herewith for your information copies of the petitions dated 5th June 1924 presented tothe Dewan by the ryots of Midigesi Hobli, Maddagiri Taluk and to state that as regards remissions and suspensions of land revenue, orders of Government have been issued to-day on the recommendations made by you on the subject. As regards the representation of the ryots that their lands have been forfeited and brought to sale and that they should not be prevented from cultivating the land in this season, I am desired to say that Government deprecate the promiscuous and extensive resort to sale of lands for recovery of arrears in the affected tracts. Procedure against the lands may be deferred till the next harvest and in the meanwhile, the village officers may collect whatever can be collected. Necessary orders - strictly confidential - may be issued to this effect to the Amildars concerned.

Yours Sincerely,

K. Chandy, Esq., B.A.

SIR,

I have the honor to forward herewith, for the information of Government, copy of D.O. letter No. 231/23-24 dated the 11th June 1924 from the Deputy Commissioner, Tumkur District, in the matter of the condition of the people in the Midigesi and surrounding villages in the Maddagiri Taluk which he inspected recently under my instructions, and to state that needful instructions have been given by me in the light of instructions conveyed in your D.O. No. 1175 dated 10th June 1924.

2. In this connection, I beg to state that the concessions extended to Maddagiri and certain other Taluks and Sub Taluks in G.O. No. 1169-74/Dis. dated 10th June 1924 are also necessary and may be extended to portions of the Gubbi Taluk where garden crops have completely failed. I therefore request that orders of Government may be obtained very early in the matter

M.B.R.

D.O. letter No. 231/23-24 dated 11th June 1924 from the Deputy Commissioner, Tumkur District, to the Revenue Commissioner in Mysore.

- - - - - - - -

I visited Midigesi on the 8th instant and made enquiries. I had also received the previous day, a report from the Amildar and the Sub Division Officer - Maddagiri,- about the meeting held by some of the ryots of Midigesi Hobli.

When I went to Midigesi on the 8th afternoon, many of the persons who had taken part in the meeting had gone to Bangalore to see the Dewan Sahib. During my inspection of Midigesi and the surrounding villages on the 9th morning, I found all gardens dried up and ruined and people incapable of finding money to pay kandayam In Bedathur, Bidarekere, Kyatagondanahalli etc., I found people taking tamarind seeds and some jungle growth for greens and learnt also that some had suffered from indigestion etc. This shows that people have reached the utmost limit of endurance and cannot under such circumstances, be expected to find money to pay kandayam.

The lands of the ryots, who have thus become defaulters from circumstances beyond their control have already been forfeited and further coercive proceedingsare in different stages of progress. Fortunately, there has been some rainfall in these parts and this is the season for preparing the land for sowing. The lands have to be ploughed first. If they are not allowed to enter upon the forfeited holdings, they will not only be ruined, but the result will be disastrous so far as the question of food supply is concerned, not to speak of chances of our finding bids in the revenue sales being also very distant. As a result, large extents of culturable lands would have to be brought to waste. Thus

The attitude of these people, so far as I was able to gather in withholdings the payment of kandayam is not one of

defiance but of sheer helplessness.

In view of these facts, I have instructed the Amildar of Maddagiri to allow them to plough the above forfeited lands on behalf of Government; on their executing a mutchalika to the effect that they will have no right to the land or the crop that may be raised thereon and they would abide by the orders of the Revenue authorities. This concession, I consider quite necessary under the circumstances and I hope it will meet with your approval.

I shall write to you again on receipt of a further report from the Amildar and the Sub Division Officer - Maddagiri, - who have been asked to make a detailed enquiry of the persons - who are said to have gone to Bangalore, as to the concessions they expect at the hands of Government.

Bangalore the 5th July 1924

Dear Sir,

Referring to your D.O. letter No. D.1223 dated 27th June 1924 regarding suspension of wet assessment in parts of Gubbi Taluk, I beg to forward herewith copy of D.O. No. 1840 of 23-24 dated 2nd July 1924 from the Deputy Commissioner, Tumkur District, furnishing information as to the portions of the Taluk, for which the concession is requied and other details required by Government.

In view of the circumstances represented to be prevailing in the Taluk, I request you to kindly obtain the sanction of Government for the suspension of half wet and garden assessment in parts of the Taluk specified by the Deputy Commissioner. The kandayam for last year has not been recovered yet and the Deputy Commissioner will be asked to recover half assessment immediately.

Yours Sincerely,

Confidential and Immediate.

Copy of D.O. letter No. O.C.1840/22-23 dated 2nd July 1924 from the Deputy Commissioner, Tumkur District, to the Revenue Commissioner in Mysore, Bangalore.

With reference to D.O. No.28 of 23-24 dated 28/30th June 1924 from Mr. Sadasiva Rao, calling for a report in regard to the concessions to be shown in respect of suspension of wet assessment in Gubbi Taluk, on account of adverse seasonal conditions, I write to say that the conditions and the out-turn of crop under tanks in this Taluk may be said to be the same as those obtaining in the Taluks of Maddagiri and Koratagere during the year 1923-24. A large amount of Revenue has fallen into arrears in the affected tracts of the Gubbi Taluk and the reason for this is nothing but the inability of the ryots to find money to pay the kandayam. The scanty rainfall during the past few years has impoverished to a great extent the ryots, who own lands (wet and garden) under the tanks and who have no other souce of irrigation, and has forced them to live on subsistence loans.

Chelur Hobli (whole),
Nittur " " ,
Part of Kadaba Hobli,
Part of Kasaba Hobli,
Hagalvadi Hobli,
Part of Dandinasivara Hobli (adjoining Nittur and Kadaba).

When I visited the Nittur area in the beginning of last month, I made enquiries and found that these ryots were really in straightened circumstances and the condition of poorer -- classes was really very bad, and in fact I had to order on the spot to bring at once about 25 fresh persons on the gratuitous relief list. You were also pleased to recognize their desparate condition when you visited Nittur and in order to give them labour some village improvement and village panchayet -- works were arranged to be started. As the agriculturists had no means of livelihood till the next harvest season, it was also thought necessary to open some large work (the Marasettihalli Halla project) and I am sure that this scheme is before Government.

P.T.O.

I am also enclosing herein a rainfall statement which clearly shows that the rainfall in the Gubbi Taluk is decidedly worse than in the Maddagiri and Koratagere Sub Taluk, as a result of which all gardens have suffered, the trees having withered and decayed. If the concessions proposed by me viz., suspension of assessment on wet and garden lands, the chief irrigation source of which is tank water, are not given, the lands will have to be forfeited and put up for auction and the ryots will be deprived of the chance of cultivating them, should the seasonal prospects improve.

I therefore request that Government may kindly be moved to graciously consider the above proposal favourably and allow the ryots of the affected tracts of this Taluk who have not yet paid their kandayam on wet and garden lands, to pay half the assessment for 1923-24 in 1924-25.

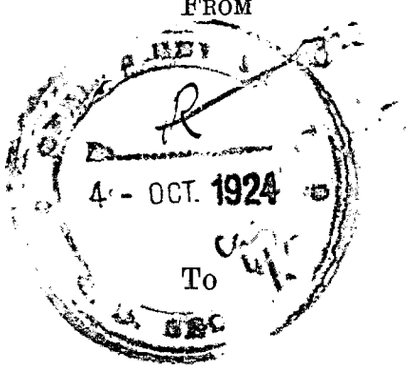
No. D96/N.24/2/

Bangalore, 2nd October 1924.

FROM



K. CHANDY ESQ., B.A.,
Revenue Commissioner in Mysore.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Revenue *Department.*

SIR

Referring to correspondence ending with your letter No.90 dated 20th September 1924 Re the submission of a consolidated statement of suspensions and remissions of Land Revenue during the year 23-24, I have the honour to forward herewith copies of letters Nos.O.C.1840/22-23 and H.C.107/23-24 dated 24th September 1924 and 1st October 1924 from the Deputy Commissioners of Tumkur and Kolar Districts respectively in the matter and to state that complete information has not been received from the Deputy Commissioners. They have again been reminded to day to furnish full information without further delay.

It is however seen from the various communications of the Deputy Commissioners that remissions and suspensions of Revenue as noted in the margin have so far been recommended. On receipt of full information promised by the Deputy Commissioner of Tumkur District, a further report will be made to Government.

District	Suspension of wet and garden assessment

Revenue Commissioner.

MAN.

Letter No.H.C.107/23-24 dated 1st October 1924 from the Deputy Commissioner,Kolar District to the Revenue Commissioner in Mysore.

With reference to your letter No.D.28/23-24 dated 7/9th June 1924 re: the amount of suspensions and remissions of Land Revenue during the year 23-24, I have the honour to forward herewith a statement showing the amounts of half wet and bagayet assessment suspended in the several Taluks of the District. The amount in respect of Malur Taluk seems to include garden assessment also. The Sub Division Officer,Kolar has been requested to verify and report as to the exact amount of half wet assessment. But for this doubtful discrepancy which after all may result in a trifling variation the total amount for the district comes to Rs.61,818-11-1.

2. As regards the amount to be remitted, I invite your reference to my letter No.Ref.H.C.107/23-24 dated 10th May 1924 and request that early orders may be issued to write off the amount of Rs.18,992-12-1 recommended for remission.

irrigable by Nalas and Talapariges etc, are herein enclosed.

The statement for Rs.4240-14-0 being the half wet assessment on lands under tanks in the Gubbi Taluk for suspension as per instructions contained in Government order Nos. 1159-62/Dis and 1169-74/ Dis dated 6th June 1924 and 10th June respectively is also enclosed.

The detailed statements from the Amildars of the Maddagiri and the Pavagada Taluks have not yet been received in spite of instructions and reminders issued from this office. A telegraphic reminder has this day been issued to them to expedite submission of the statements.

Final report will be submitted soon after the receipt of reports from them.

SIR,

Adverting to your letter No.61/D. dated 11th July 1924 calling for the explanation of the Deputy Commissioner of Tumkur for not reporting on the severely affected condition of Gubbi Taluk and for poor collections in the Taluk, I have the honour to state that it was only two Hoblis of Gubbi Taluk viz Chelur and Nittur that were severely affected and not the whole Taluk. The condition of things in this area was brought to the notice of Government by me and by the Deputy Commissioner as may be seen from the inspection notes and communications - - recited at the foot. It has also been reported(vide T.25 of 23-24 dated 16th June 1924) that garden lands in this area were as badly affected as in Maddagiri, the emaciated condition of some people in this area and on the Tank work was also brought to the notice of Government, and the collections in the Taluk reached 72.76 per centage as shown in the margin and in view of seasonal conditions this per-centage may be considered to be fair. It is believed that some more arrears

For Revenue Commissioner.

30/10/24.

LIAN.

Letter No.1840/22-23 dated 30th July 1924 from the Deputy Commissioner,Tumkur District to the Revenue Commissioner in Mysore.

With reference to your memo No.D.28/23-24 dated 14th July 1924 forwarding a copy of Revenue Secretary's letter No.61/D.26-23 dated 11th July 1924 stating that if the ryots of the affected parts of the Gubbi Taluk pay half the assessment immediately, time may be given till the next harvest to pay the balance that this is the first time that Gubbi is reported to be as much affected as Maddagiri and that it is not understood why even half the dues of 1923-24 have not yet been recovered, I have the honour to state as follows:--

2. In July 1923 I submitted a brief report on the seasonal conditions to the Dewan Saheb as desired in his D.O.No.M.47-54 dated 19th July 1923 when there were signsof general failure of rainfall in the District. As the conditions distinctly grew worse, I submitted a detailed report on 8th November 1923 with O.C.No.1840/22-23 to you stating that in parts of Gubbi Taluk as in others the rainfall was scanty and there was need to provide labour for the Panchamas.

3. On 21st November 1923 you paid a visit to this area when we all discussed the measures needed to meet the situation and decided to grant freely Takavi loans and to start some tank maintenance works. In this connection I invite your kind attention to your inspection notes dated 21st November 1923.

4. Again on 18th December 1923 I made another detailed report to you clearly stating that condition was not only bad in the Gubbi Taluk but also in others particularly Maddagiri-Koratagere Sira Pavagada parts of Kunigal and Tumkur etc,.In this report I have distinctly stated that"Nittur and Chelur Hoblies of the Gubbi Taluk are in the same condition as the 3 Hoblies of the Maddagiri Taluk Viz Midigesi Itakadibbanahalli and Kodigenahalli In my weekly reports and subsequent communications I have stated in clear terms the conditions obtaining in each Taluk and

have asked for special imprest of Rs.500/- amd a special establishment also for the Gubbi Taluk. Every pointed connectd with Distress-whether important or unimportant is being regularly mentioned in my weekly reports. Even such minute details such as my finding- villagers eating tamrind seeds and roots noticed in my tours have been duly brought to your notice.

5. Again when the 2nd Member visited Tumkur in January 1924 the conditions prevailing in the Gubbi Taluk was clearly explained to him both by me and the Amildar who had been summoned for the purpose.

6. While submitting the statements of remissions and suspensions on 29th May 1924 and previously in my D.O.dated 23rd May 1924 from the Pavagada camp I explained to you the need for the postponement of the recovery of half the wet assessment in the Taluks of Pavagada Sira and Gubbi Tumkur and a portion of Kunigal as conditions there during the year justified this concession.

7. During your visit to the Nittur area in early June 1924 you again recognised the necessity to start some large work to engage the people till the next harvest season and also noticed that the arecanut and cocoanut gardens raised at considerable cost and labour had withered away. There were also large number of destitute persons in need of gratuitous relief and I brough to your notice that as many as 25 new names had to be brought on the list.

The large amount of Takavi loans of Rs.44,910/- issued in this Taluk is another indication of the facts that parts of the Gubbi Taluk have been highly affected, I am thus unable to understand why it is believed that the seriousness of the situation in Gubbi was brought to notice only now specially as I had done this more than six months ago.

8. As regards the concession of granting suspension I have to invite your kind reference to my D.O.dated 2nd July 1924 in

which I have pointed out that the rainfall in Gubbi in the year 1923-24 was much below that of Maddagiri. Turning to the rainfall record, this fact is further strengthened by the fact that it was even so in the previous years also as noted in the margin. The

Calender year	Gubbi	Maddagiri
1921	16-15	24-97
1922	15-95	28-89
1923	8- 0	14-39
1924 up to July	6-20	7-61

outturn of the wet crop under the big tanks in the above hoblies also during the year is Nil. The condition in this area may undoubtedly be said to be as bad if not worse than then the Maddagiri Taluk.

9. About the colletions work I beg to state that inspite of the stringent orders and circulars there was perceptable fall in the collection of revenue during 1923-24 and this is due to circumstances brought about by adverse seasonal conditions. The total amount collected by the end of the official year however was more than half out of a total demand of Rs.30,4491/- including an arrear of Rs.17,177/- a sum of Rs.2,21,568/-(including remissions) was collected leaving a balance of Rs.82.923/- at the end of the official year. Though coercive processes had been undertaken for the recovery of the balance yet as a result of the confidential instructions received from Government in June last the Amildars have been instructed to resort very sparingly to these measures in cases where they would be extremely hard. Unless suspension is granted till at least the next Akhistbund it will not be possible to recover any portion of the remaining wet assessment without selling the ~~exemption~~ occupancies of the defaulting but helpless khatedars.

10. I have however issued instructions to the Amildar and the Sub Division Officer to give effect to the orders of Government conveyed in the Revenue Secretary's letter pending final orders of Government.

With reference to your docket No.D.28/23-24 dated 2/3rd October 1924 regarding the exact amount of half wet assessment involved in the amount suspended in respect of the Malur Taluk I have the honour to forward herewith a copy of letter No.H.C. 414/23-24 dated 10/11th instant received from the Sub Division Officer, Kolar Division, stating that the exact amount of half wet assessment found to be out-standing is Rs.9050-13-2 and not Rs.8962-4-6 the recovery of which has already been suspended. There is thus a net increase of Rs.88-8-8 and this has been clearly explained by the Sub Division Officer in his letter. As the amount of Rs.9050-13-2 is reported to relate to tanks which were already recommended for concession and as it does not exceed the amount of half wet assessment out-standing suspension of the recovery of the excess amount of Rs.88-8-8 is sanctioned.

2. Thetotal amount held under suspension in the whole District comes to Rs.61,907-3-9 instead of Rs.61,818-11-1 as already intimated in my letter No.Ref.H.C.107/23-24 dated 30th September 1924 and 1st October 1924.
